CANADIAN MINING HALL OF FAME

The Canadian Mining Hall of Fame recognizes outstanding achievement in the mining industry, celebrates individual leadership and aims to inspire future generations in mining. Founded in 1989 as a charitable organization, the Canadian Mining Hall of Fame has become a permanent and influential presence in the Canadian mining industry by promoting and sharing the significant contributions of individuals who have shaped Canada's global mining industry.

THE CANADIAN MINING HALL OF FAME
IS GUIDED BY A CORE SET OF VALUES FROM WHICH WE NEVER WAIVER:

JUDGE WITH INTEGRITY

by following a fair, inclusive and accessible process.

PRESERVE HISTORY

by capturing and sharing the stories and perspectives of mining leaders.

CELEBRATE EXCELLENCE

by recognizing the achievements of individuals who have made mining great.

INSPIRE PRIDE

by championing mining and its important contributions to Canadian society.

To date, over 200 industry leaders have been inducted into our Hall of Fame. These individuals are explorers, company builders and community supporters. They are geologists, engineers and philanthropists. Above all, they are proud champions of Canadian mining.

The inspiring story of mining in Canada can be told, in part, through the stories of these industry leaders.

We need your support to find, explore and share these stories.
